Subject: Appeal of FOIA No. 7048

Dear Yarden Katz:

You have appealed the City's response to FOIA Request 7048. You requested: "the daily activity logs of AAPD from January 1, 2010 through July 31, 2022" which you specified should include "1: AAPD case number; 2. Date and time of activity; 3. Address of police activity (with latitude/longitude, if available); 4. A short narrative description of the event including any information about arrests and a classification of the offenses; 5. The 'race of the arrestee, if arrests were made.'" Your request was denied on the basis of MCL 15.233(4) which states that the Freedom of Information Act does not require the City to make a compilation, summary, or report of information. You have appealed this denial.

I have considered your appeal and have determined that the denial was proper. The City does not keep the information in the form you requested, and to provide the information you have requested would require the Police Department to synthesize multiple different sets of records and create a report to your specifications. This is the exact situation described in MCL 15.233(4). Your appeal is therefore denied.

As noted in the response you received from the Records Department, some of the information you have requested is already publicly available online at:

Sincerely,

Milton Dohoney Jr.
